SALE TERMS - Cash, except when arrangements have been granted by the consignor. Settlements to be made with Arkansas Shorthorn Breeders' Association immediately following the sale, but it should be understood that the said Association assumes no liability, legal or otherwise, and that the guarantee and terms as published herein shall constitute a contract between the consignor and purchaser of each lot.

All stock at buyer's risk as soon as bid off, but the management will carry out buyer's instructions in loading and shipping as nearly as possible.

A certificate of registry with transfer to purchaser will be furnished free of charge with each lot. For calves at foot and unborn calves, signed applications to be furnished by consignor.

GUARANTEE - All animals to be sold have been tested for T.B. and Bangs and health certificates will be furnished enabling them to go into any state.

Cows with calves at foot are considered breeders. All other cows and heifers over sixteen months old guaranteed breeders with the same retrial privilege as bulls. All cases of non-breeders to be reported within ninety days. Return freight when necessary to be paid by buyers.

EL-BROOK SABRE x - This good red polled son of Hallwood Royal Nevada was pasture fed with a group of older and larger bulls and was "cuffed around" quite a bit and did not make the growth he would have made with better care. He is a mighty good lined calf and has plenty of bone and substance and should develop into a good bull. His dam is a full sister to the bulls we sold in 1954 and 1955 Polled Congress Sales. One stood first in class and the other second in a National Show. If you need a good polled bull look this calf over. He is bred right to perform.

ARKANSAS SHORTHORN and POLLED

Pasture Division

Recognizing that there are many good quality, well bred purebred cattle whose owners are not set up to fit them for the Show and Sale, the Arkansas Association has established a new division to its semi-annual sales.....the "Off Grass" females. This makes it possible for more breeders to consign. The "Off Grass" females have been highly popular with buyers. Lots 34 through 63 are in the "Off Grass" or Pasture Division. They will not be shown.
